

Wood Coating Solutions

Amarium® Pre-Catalyzed Lacquers

A premium, single-component finish ideal for cabinets, furniture and other interior wood surfaces.

Fast drying and impressively durable, Amarium pre-catalyzed lacquers are premium-quality finishes designed for professional-grade performance and ease of use. Their user-friendly application makes them a go-to choice for both speed and reliability in finishing projects.

With excellent clarity and enhanced UV protection, these lacquers not only preserve the natural beauty of wood but also help maintain its appearance over time, making them ideal for demanding environments where lasting results matter.

All the Benefits you Need:

- Complete self-sealing system or may be used with a companion sealer, when desired
- Excellent durability and physical properties
- Can be applied by conventional airspray, HVLP, airless or air-assisted airless equipment
- Compatible with Axalta Wood Finishes color systems
- Surpasses all KCMA performance standards when applied properly

Key Attributes:

- Premium, single-component finish - ready to spray with no catalyst required
- User-friendly application - excellent flow, build, and sanding properties
- Fast drying with excellent clarity
- Durable performance - outstanding mar, water, solvent, and chemical resistance
- Excellent re-coatability
- HAPs-free and low-VOC formulations available

Perfect For:

- General interior wood finishing projects
- Kitchen cabinets, tables, furniture, and other interior wood surfaces requiring a durable, easy-to-use finish
