

Wood Coating Solutions

Ultraguard™ Conversion Varnish

Ultraguard conversion varnishes are super-premium, post-catalyzed varnishes formulated to provide exceptional finish properties.

Engineered for exceptional performance, Ultraguard offers superior resistance to chemicals, moisture, marring, and scratching, meeting all KCMA coating performance standards when applied correctly. This versatile varnish is ideal for kitchen cabinetry, tables, office furniture, and other interior wood surfaces that demand high durability and protection.

Ultraguard can be used as a complete self-sealing system or paired with a companion sealer for enhanced sanding properties. Its user-friendly formulation ensures smooth application with excellent flow and leveling.

All the Benefits you Need:

- Self-seal system or may be used with a companion sealer when desired
- Can be applied by conventional airspray, HVLP, airless or air-assisted equipment
- Compatible with Axalta Wood Finishes color systems
- Surpasses all KCMA Performance standards when applied properly
- HAPs compliant

Key Attributes:

- Ready to spray (after catalyzed)
- High build/high solids
- Superior scratch and mar resistance
- Superior chemical and moisture resistance
- Low/No Formaldehyde options
- Excellent clarity
- Easy to sand
- Enhanced UV protection
- Smooth application with great flow and build
- Self-seal

Perfect For:

- Kitchen and bathroom cabinets, office furniture, architectural millwork and store fixtures
- Consumers whom are sensitive to harsh chemicals
